Class Descriptions

Acro

A blend of dance and gymnastics. Acro incorporates tumbling, strength training, partnering, and group stunts/lifts.

Ballet

Ballet is the foundation of all dance forms. Body placement, flexibility, balance, alignment, technique and strength are taught with a foundation of French terminology.

Contemporary

A fusion of contemporary, lyrical, and modern. Contemporary dance explores shapes, gravity, and the dancer's own creativity. Contemporary shares the terminology and technique of ballet, but also the isolated movements of jazz and hip hop.

Creative Movement

Our 3 year old students will use imagery to create movement and shapes. Basic ballet technique, creative thinking, spatial awareness, balance and coordination will be taught.

Dance With Me

This class is designed for our youngest students ages 2-3 to dance alone or with a caregiver. Students will explore and create while enhancing gross motor skills and listening skills with props and music.

Fairytale Ballet

A magical experience for princes and princesses ages 3 and 4. Class consists of basic ballet technique, storytelling, dress-up, and dancers will act out their favorite fairytales with special props.

Hip Hop/ Lil' Hip Hop

Performed to popular R&B and hip hop music, hip hop dance is an eclectic mixture of different street styles including popping, locking, waving, breaking, house, and more.

Intro to Dance

Our 4 and 5 year old students will be exposed to a mixture of ballet, jazz, and tap. Students will have the freedom of creative dance but will also become acclimated to the structure of class.

Jazz

An energetic art form based on ballet and modern dance technique that is performed to more dynamic popular music. Jazz dance uses technique, strength, balance, and flexibility at a fast, intense pace to execute jumps, turns and other stylized movements and transitions.

Musical Theater

A blend of dance, singing, and acting. Students will be immersed in Broadway style choreography and theatrical performance.

Tap

Tap is a percussive dance form, based on early African dance and Irish step dancing. Tap shoes are fitted with metal plates on the toes and heels that are used to create rhythmic patterns that complement the music, or act as their own music when performed a cappella.

Teams

Do you have a child that loves to perform? PCDC teams are flexible, fun, and open to all dancers.

Sign up to perform around the community!

3-5 years: Funky Monkeys

1st & 2nd Grade: Sparkle Squad

3rd Grade & Up: Performance Company
